

## **Bick Addresses Earthquake Conference**

Harlan Dolgin, Director of Continuity Services, will be speaking at the 18th annual [Earthquakes: Mean Business](#) conference, held at St. Louis University, St. Louis, MO on February 5, 2010. Harlan will be presenting an Earthquake Business Continuity Tabletop Exercise at the conference. Other topics at the event will include an analysis of the Haiti earthquake and an update on the current situation there; a historical review of the Missouri earthquake of 1811-12; and the current state of earthquake monitoring in the Central US.
